

**645—63.7(157) Salons in residential buildings.**

**63.7(1)** A salon located in a residential building shall comply with all requirements in rule 645—63.5(157).

**63.7(2)** A separate entrance shall be maintained for salon rooms in a residential building. An exception is that an entrance may allow passage through a nonliving area of the residence, i.e., hall, garage or stairway. Any door leading directly from the licensed salon to any portion of the living area of the residence shall be closed at all times during business hours.
